Johns Hopkins Bloomberg School of Public Health
Baltimore, MD

Dear Colleagues,

The **North American Refugee Health Conference (NARHC)** will be held June 16-18, 2017 at the Sheraton Hotel Toronto, Canada. NARHC has become the largest clinical refugee conference globally. Up to 700 health care providers, policy makers, public health specialists, and refugees are expected to attend.

The conference focuses on best practice, education, research, and advocacy on refugee health. While all aspects of refugee health will be discussed from migration to resettlement, infectious and chronic disease, and mental health, this year will have an emphasis on the Syrian refugee crisis.

We are pleased to announce our collaboration with the American Society of Tropical Medicine and Hygiene (ASTMH) for an Intensive Update Course in Tropical Medicine.

In order to make this conference a success, support is required. Please take a moment to review the supporter levels and benefits included on the next page. I can be reached via phone or e-mail to discuss this opportunity in greater detail.

Sincerely,

Anna Banerji O.Ont, MD, MPH, FRCPC, DTM&H

Faculty Lead, Indigenous and Refugee Health, Post MD Education

Faculty of Medicine, University of Toronto

T: 416.978.8319 | E: anna.banerji@utoronto.ca
